

# AI Image Prompt Cheatsheet

## 1. Subject & Scene

- State the main focus clearly.
- Example: "Majestic lion resting in golden grassland"

## 2. Key Details

- Visual Elements: Colors, textures, materials, shapes
- Subject Details: Clothing, species, pose, facial features
- Background/Environment: Indoors/outdoors, season, weather, decor

## 3. Style & Mood

- Art Style: "Watercolor," "comic book," "photorealistic"
- Lighting: "Golden hour," "dramatic shadows," "soft light"
- Mood: "Playful," "serene," "mysterious," "epic"

## 4. Perspective & Composition

- Camera Angle: Close-up, aerial, wide shot, portrait
- Focus: Sharp, blurry, depth of field, centered or off-center

## 5. Extras

- Add: "with falling cherry blossoms," "wearing sunglasses"
- Exclude: "no text," "no people," "no logos"

## Best Practices

- Be specific! More detail = better results
- Use commas to separate elements
- List the most important details first
- Reference artists or genres for style
- Avoid vague words ("nice," "pretty")—be precise
- Iterate: tweak, re-run, and refine

## Prompt Template

[Subject/scene], [key details], [background/environment], [art style], [lighting], [mood], [perspective], [additions/exclusions]

## Example Prompt

*Chic modern office, sunlight streaming through large windows, woman in business attire using a laptop, minimalist decor, photorealistic, soft focus, no clutter.*
